

## *The Forerunner School of Ministry Financial Policy*

At The Forerunner School of Ministry (FSM) it is our goal to raise up men and woman of purpose, passion, and purity to preach the unaltered Gospel of Jesus Christ and the power of His resurrection. As you may or may not be aware teaching on finances consumed more of Jesus' teachings than did heaven and hell combined. Our Lord saw the significance of finances not only as it relates to our physical lives but more so as it relates to the spiritual condition of His children. According to the His Word, we believe in the blessings that He has promised to His children, as they are obedient to His commandments. We desire to see all of our students blessed and living under His full provision. One way to ensure that our students receive the best possible education that is available is to emphasize the importance of being financially responsible.

### *General*

The following policy has been established to clearly define each student's financial obligations as he/she pursues the call of God upon his/her life through the FSM.
